

Commissioning of door communication system devices via the GPA

Following you will get an overview from which index level which DCS device supports the commissioning via the GPA.

System 106

Product name	Item no.	Index	Date of Index
Intercom module	5563 9..	all index levels	04.17
Door station module	5565 9..	all index levels	04.17
Call button module	5531 9..		
	5532 9..	all index levels	04.17
	5533 9..		
	5534 9..		
Camera module	5561 000	all index levels	04.17
Display module	5567 000	all index levels	04.17

Door stations

Product name	Item no.	Index	Date of Index
Stainless steel door station	250. 20	from I06	12.17
Stainless steel video door station	255. 20	from I08	12.17
Door station, 3-gang TX_44	126. ..	from I10	05.15
TX_44 surface-mounted video door station	1269 ..	from I14	05.15
	1270 ..		
Built-in speaker	1258 00	from I07	10.18
Door station TX_44	1260 ..	from I09	01.08
	1261 ..		
Colour camera for door station TX_44	1265 ..	from I03	01.06

Home stations

Product name	Item no.	Index	Date of Index
Home station	1280 ..	from I12	01.05
Home station receiver	1281 03	from I06	01.05
Surface-mounted home station	1250 ..	from I08	08.16
Surface-mounted video home station	1279 ..	from I12 (replaced by 1239 ..)	05.15
Surface-mounted home station Plus	1239 ..	from I01	03.15
TFT colour display	1286 ..	from I03	09.06

System devices

Product name	Item no.	Index	Date of Index
DCS-camera gateway	1201 00	all index levels	06.11
Audio control device	1287 00	from I04	10.05
Video control device	1288 00	from I04	10.05
DCS repeater	2572 00	all index levels	09.12
DCS switching actuator	1289 00	from I04	10.08
DCS flush-mounted switching actuator	1211 00	all index levels	10.05
DCS button interface, 2-gang	1210 00	from I01	09.06
